

*Dear Friend,*

This year the Lord has instructed Soaring Wings Prophetic Ministries to began work on a historical restoration building project called Christ Kingdom Embassy. This Embassy will be set apart to model the Kingdom of God to bring true freedom and to re-establish and restore life to many individuals and families.

The world's false remedies, comforts, and deceptions have kept many in a vicious cycle. The Lord's heart is to heal those spiritually first, which is the root of all issues, then proceed in teaching kingdom living and identity revelation amongst other topics to overcome.

The manifestation and the dwelling of the Lord will bring many miracles, signs, and wonders as we are obedient to His instructions and lean not on our own understandings.

Many of you know my personal testimonies. I now know this is what the Lord has trained, tested, and equipped me for in such a time as this. As the Lord told me many years ago, "No more church as usual!"

As the end of the year approaches will you prayerfully consider sowing into holy ground and into the sons and daughters of God to make investments on earth and in heaven?

In His Spirit,

*Andrea Tellison*
